...BEACH HAZARDS STATEMENT IN EFFECT FOR STRONG LONGSHORE CURRENTS FROM 8 AM EDT THURSDAY THROUGH THURSDAY EVENING...

THE NATIONAL WEATHER SERVICE IN NEWPORT/MOREHEAD CITY HAS ISSUED A BEACH HAZARDS STATEMENT FOR A STRONG LONGSHORE CURRENT...WHICH IS IN EFFECT FROM 8 AM EDT THURSDAY THROUGH THURSDAY EVENING.

- * HAZARDS...STRONG LONGSHORE CURRENT.
- * TIMING...THROUGH THE DAY THURSDAY.
- * LOCATION...ALONG THE BEACHES FROM NEW RIVER INLET TO CAPE LOOKOUT.
- * POTENTIAL IMPACTS...STRONG LONGSHORE CURRENTS CAN SWEEP SWIMMERS AND SURFERS INTO RIP CURRENTS...PIERS...JETTIES...AND OTHER HAZARDOUS AREAS. IN MANY CASES...THE LONGSHORE CURRENT IS STRONG ENOUGH TO PREVENT SWIMMERS FROM BEING ABLE TO KEEP ON THEIR FEET ON THE BOTTOM...MAKING IT DIFFICULT TO RETURN TO SHORE.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

A LONGSHORE CURRENT IS AN OCEAN CURRENT THAT MOVES PARALLEL TO SHORE. IT IS CAUSED BY PERSISTENT WINDS OR SWELLS SWEEPING INTO THE SHORELINE AT AN ANGLE AND PUSHING WATER DOWN THE LENGTH OF THE BEACH IN ONE DIRECTION. ALWAYS CHECK WITH THE LIFEGUARD ON DUTY BEFORE YOU ENTER THE OCEAN TO CONSIDER THE DIRECTION AND STRENGTH OF THE LONGSHORE CURRENT AND POSSIBLE HAZARDS YOU MAY BE SWEEPED INTO.

BEACH HAZARDS STATEMENTS ARE ISSUED WHEN HAZARDOUS CONDITIONS RELATED TO WEATHER, WAVE AND CURRENTS, ENVIRONMENT, OR UNUSUAL EVENTS ARE EXPECTED TO AFFECT BEACH/COASTAL/SHORELINE AREAS AND ADJACENT NEARSHORE WATERS.
